

Brominated flame retardants

Brominated flame retardants

Should contain

- ✓ Waste containing brominated flame retardants above the limit values for hazardous waste, eg. carpets, insulation materials (cell rubber, PE foam mats, tunnel mats/ tassels and EPS insulation plates). Hazardous components removed from discarded equipment (E-waste).

Should not contain

- ✓ Other waste materials.

Description

Waste containing brominated flame retardants, unusually from rehabilitation and demolition.

Collection

Amassed separately as a separate fraction.

Processing

Delivered to an approved waste reception facility for processing and/or destruction.

Recycling

Hazardous waste is to be taken out of circulation and not to be recycled.

Non-compliance

Deviations may incur additional costs. The driver will not take hazardous waste if the declaration is not completed.
